

SITE

SITE is north end of Paris.

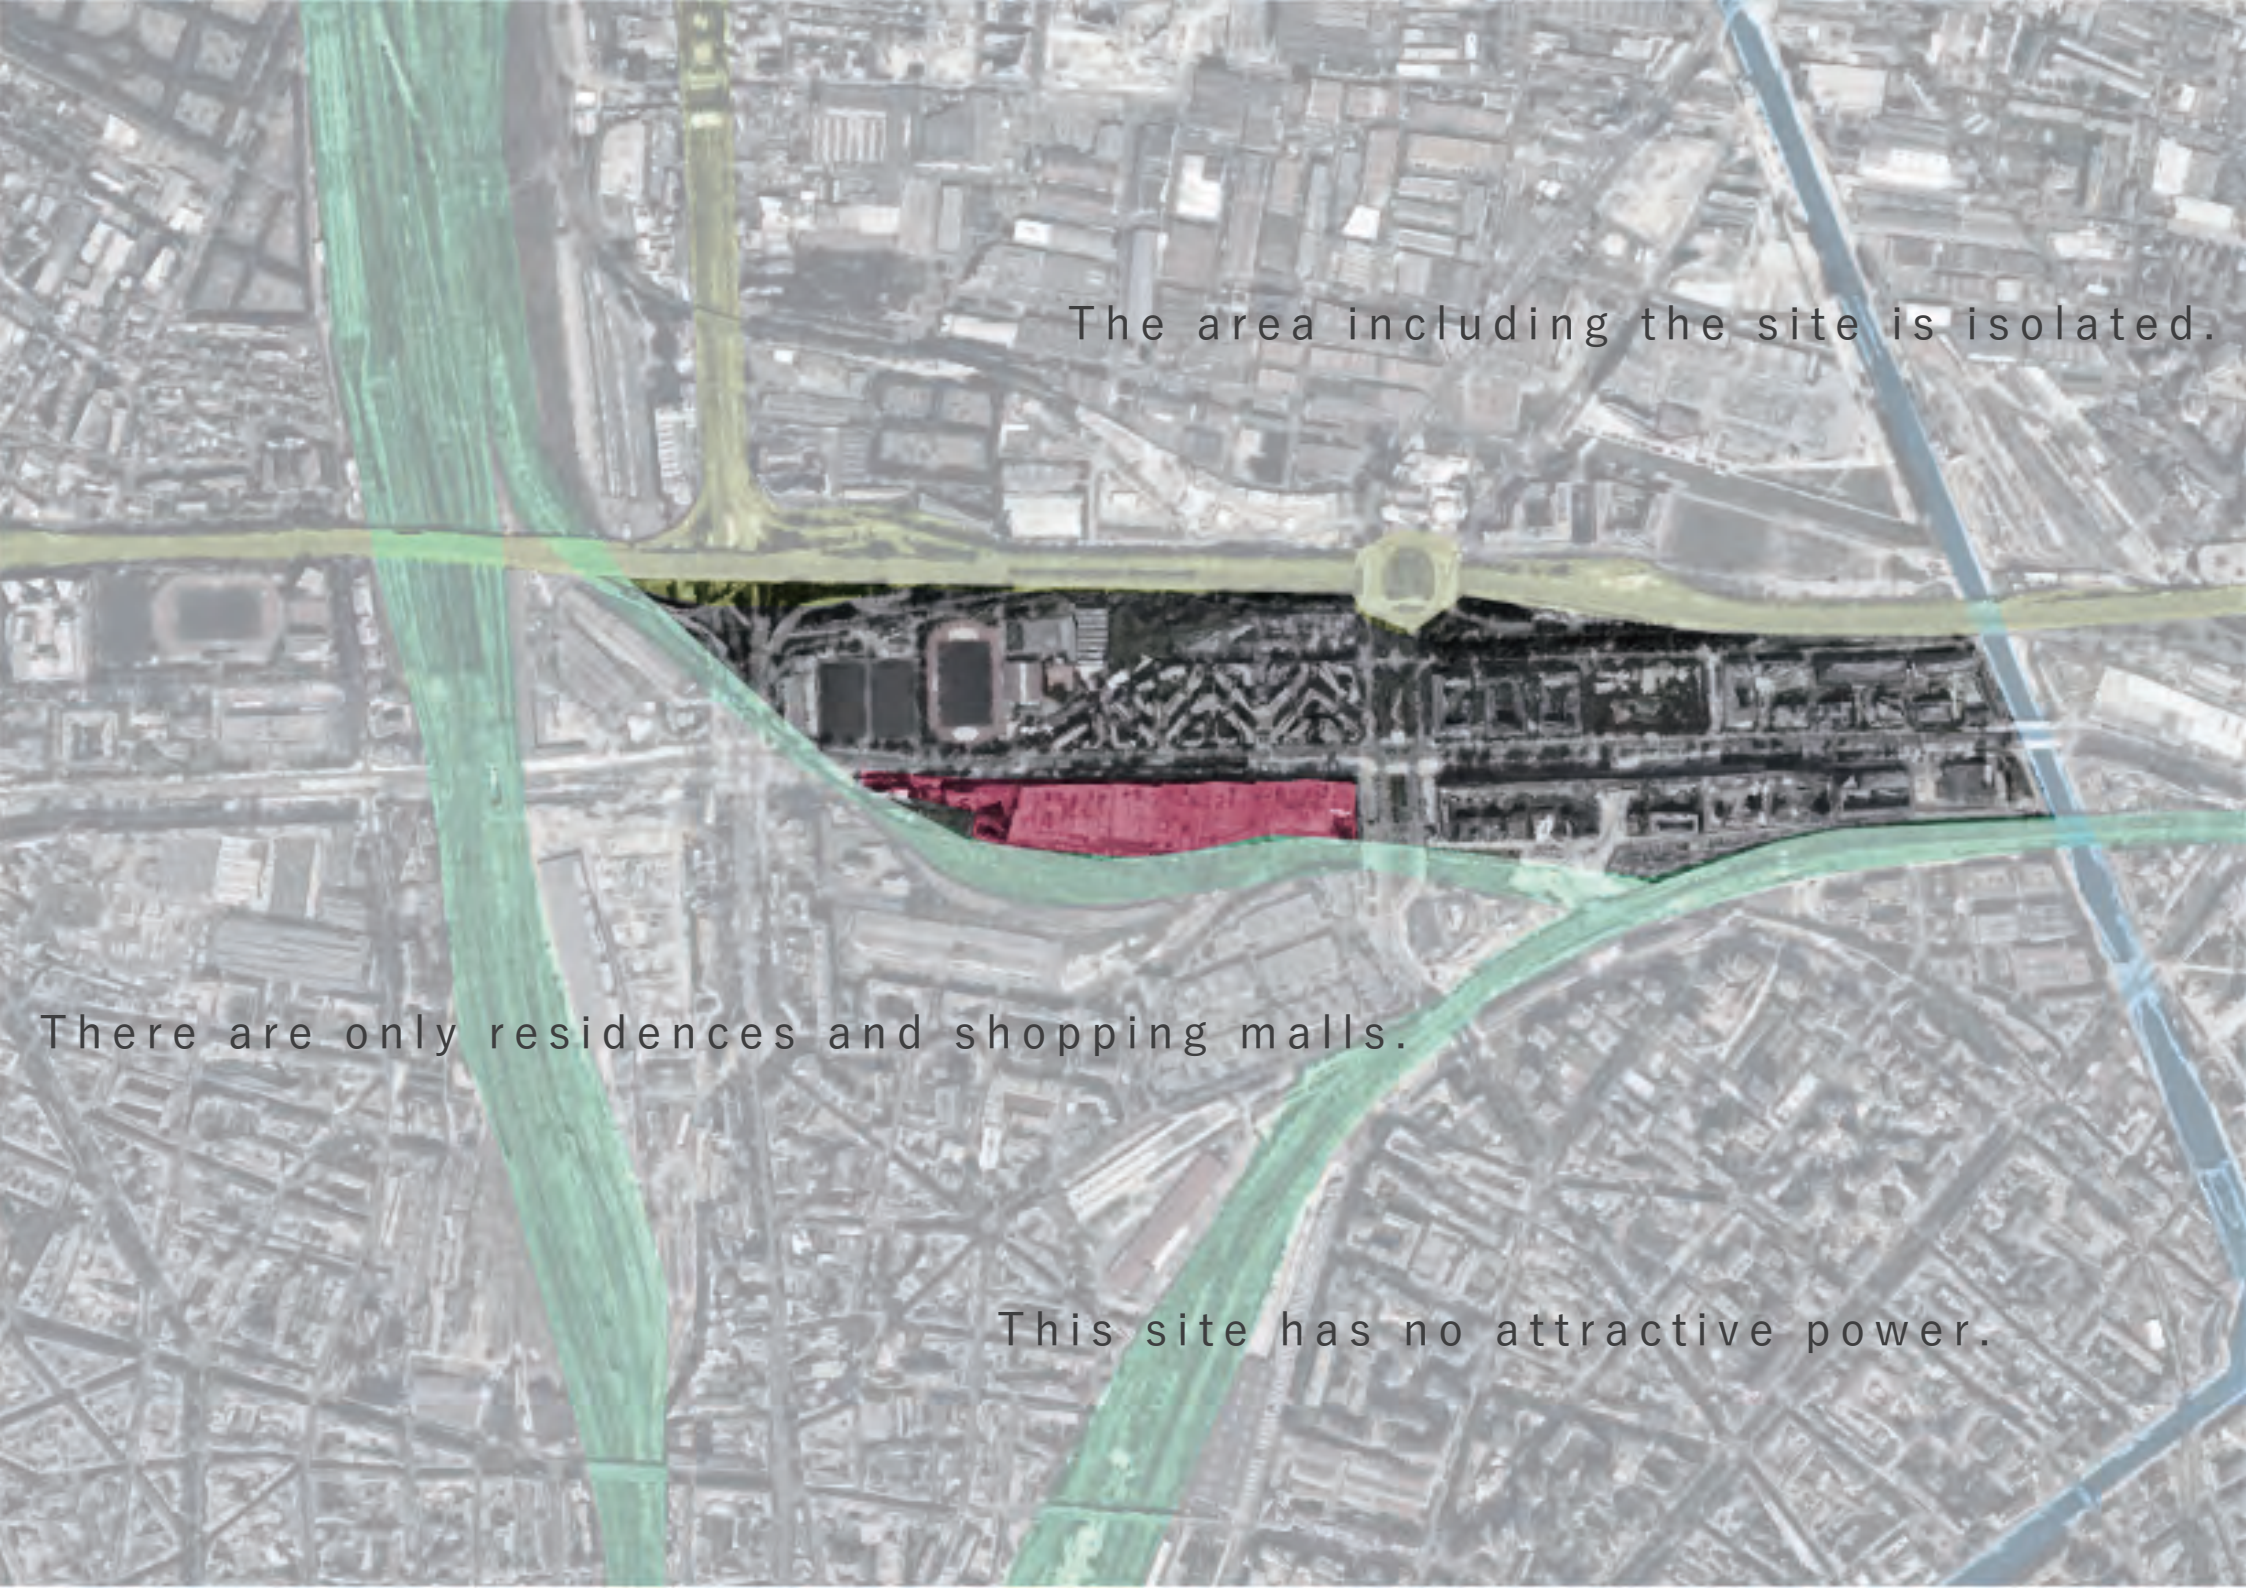

RAILROAD ROAD

RING ROAD

RIVER

SITE

The area including the site is isolated.

There are only residences and shopping malls.

This site has no attractive power.

Program

This site needs power not for staying but for attracting many people.
Think about the program to change this isolated district better than now.

Extraordinary solution as an urban project

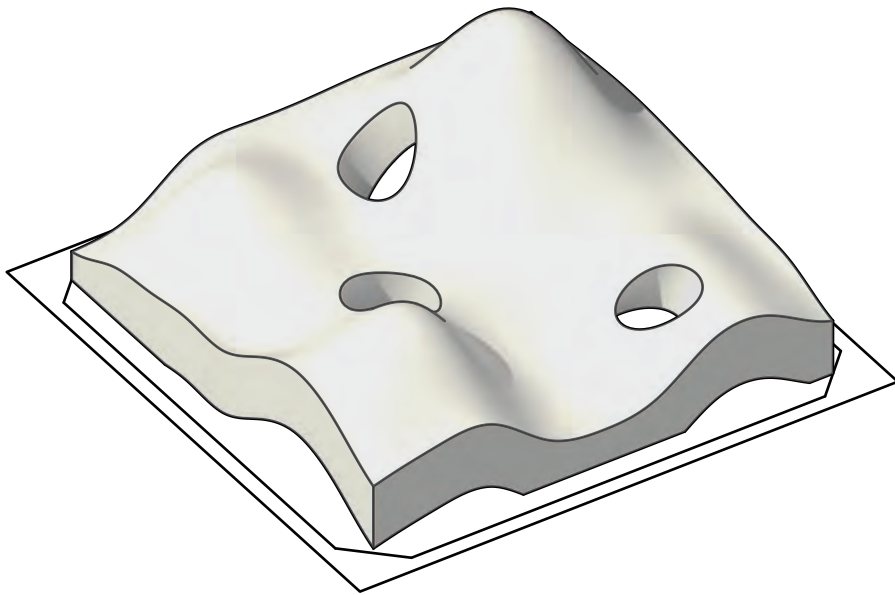

||

“Casino”

||

Casino complex would change this district.

Basement Shape

New type of urban block (in Barcelona)

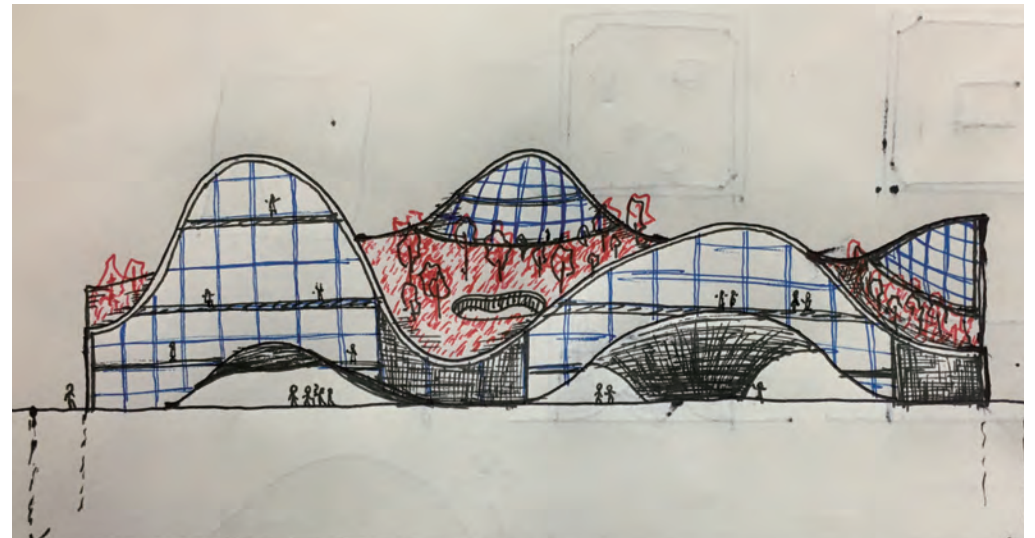

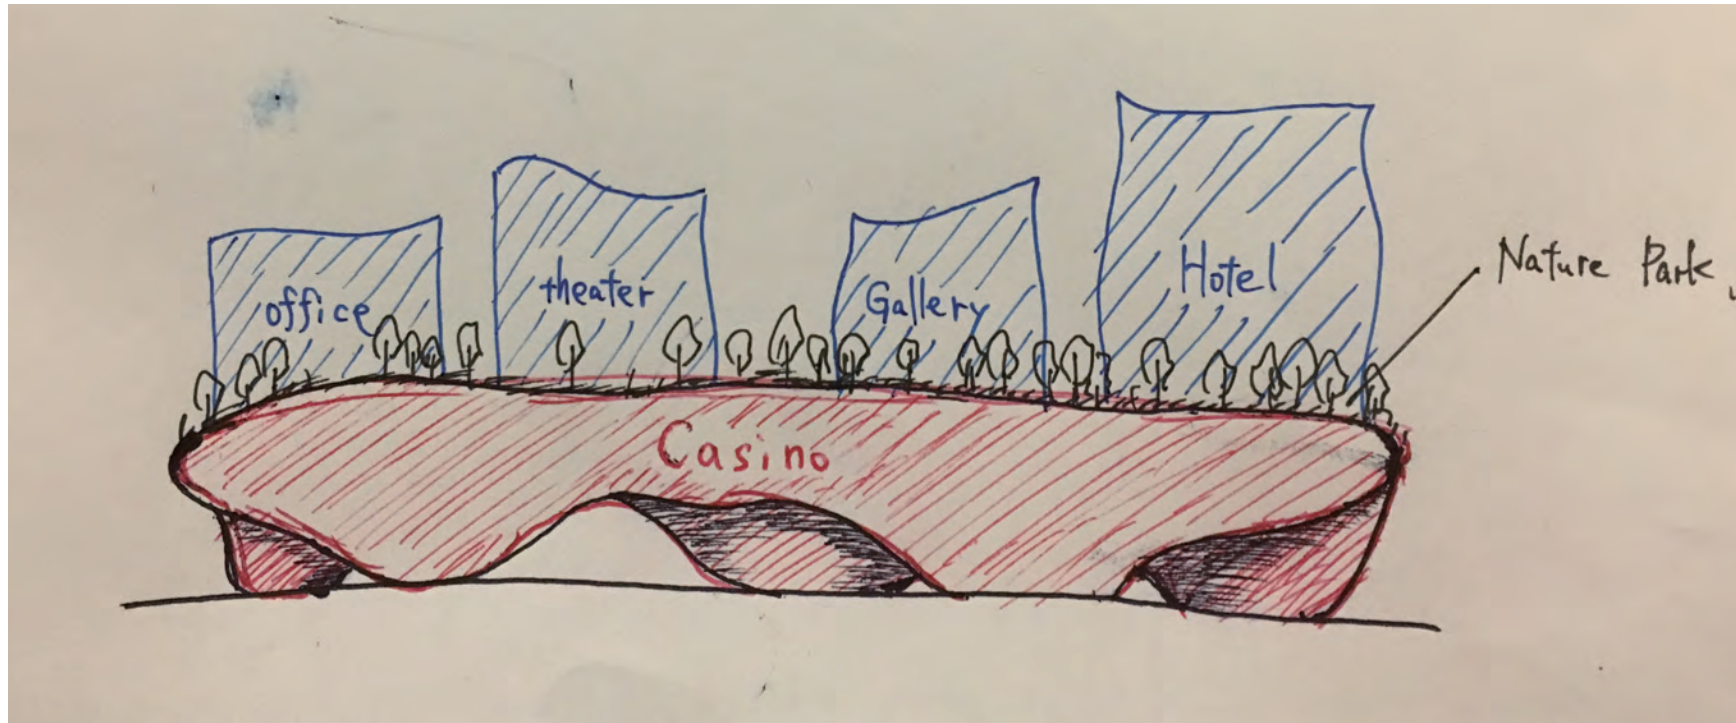

Image sketch in Barcelona project

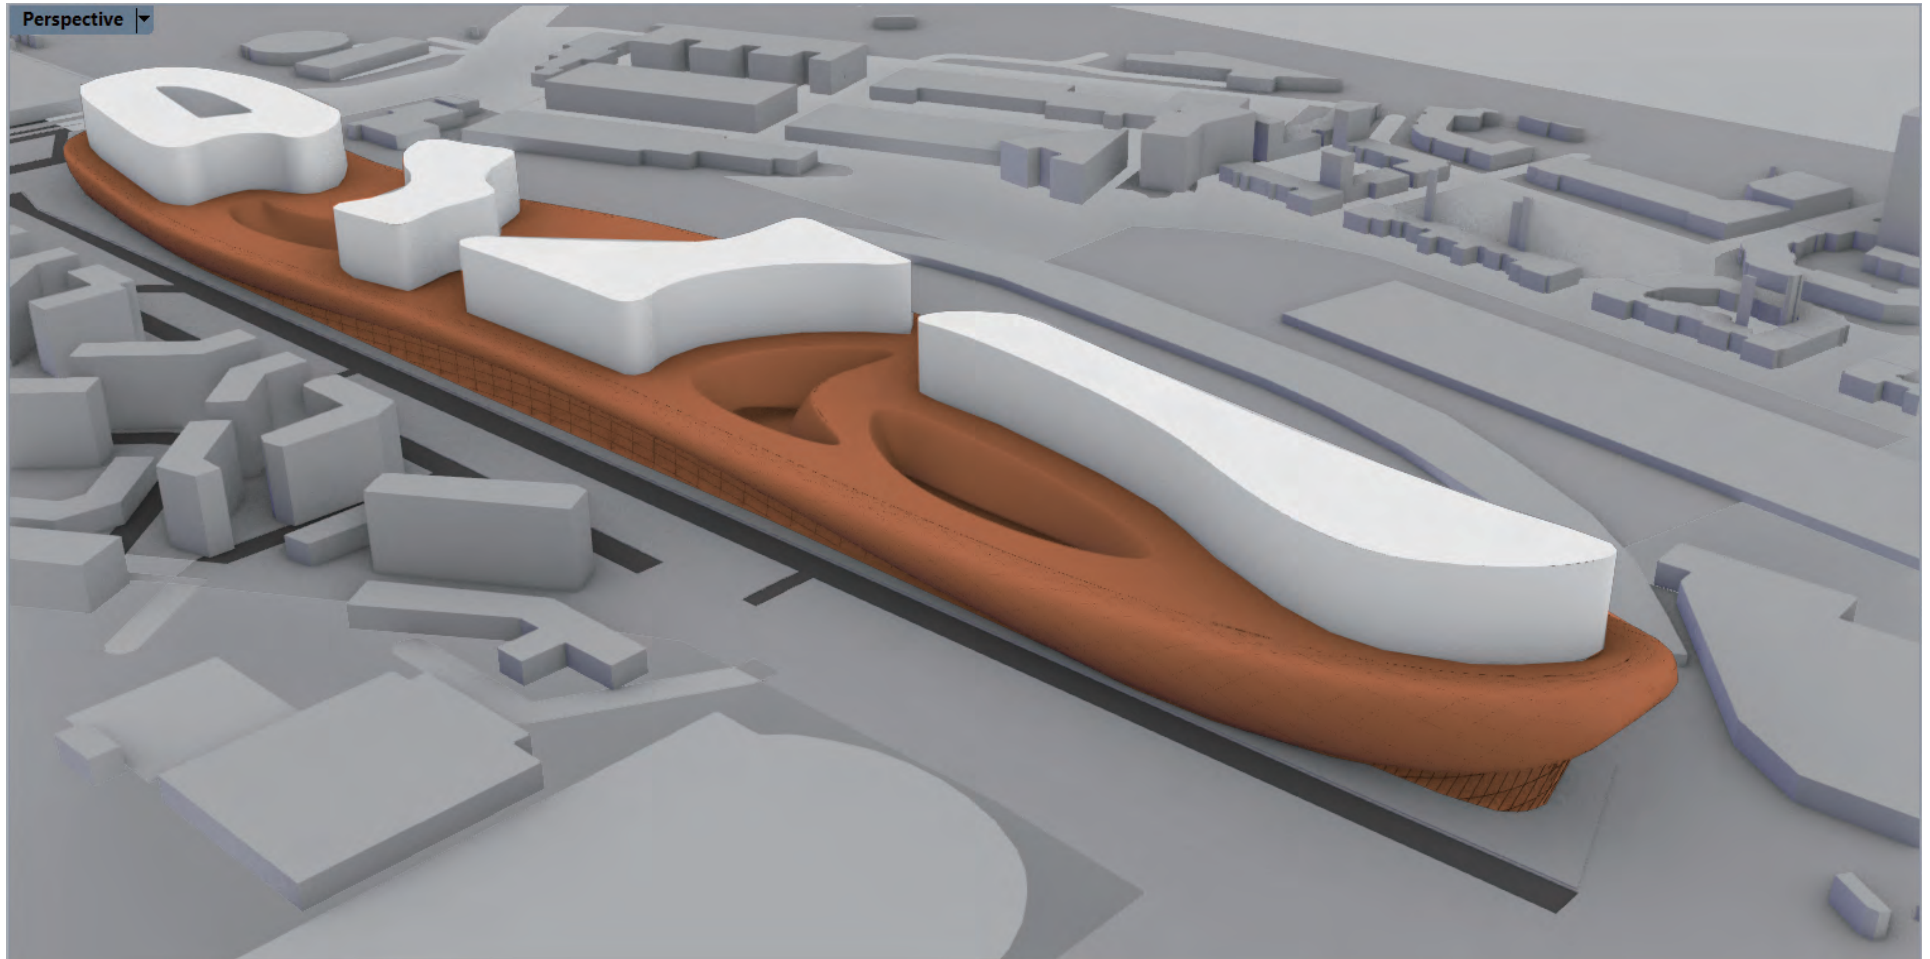

“Casino Complex”

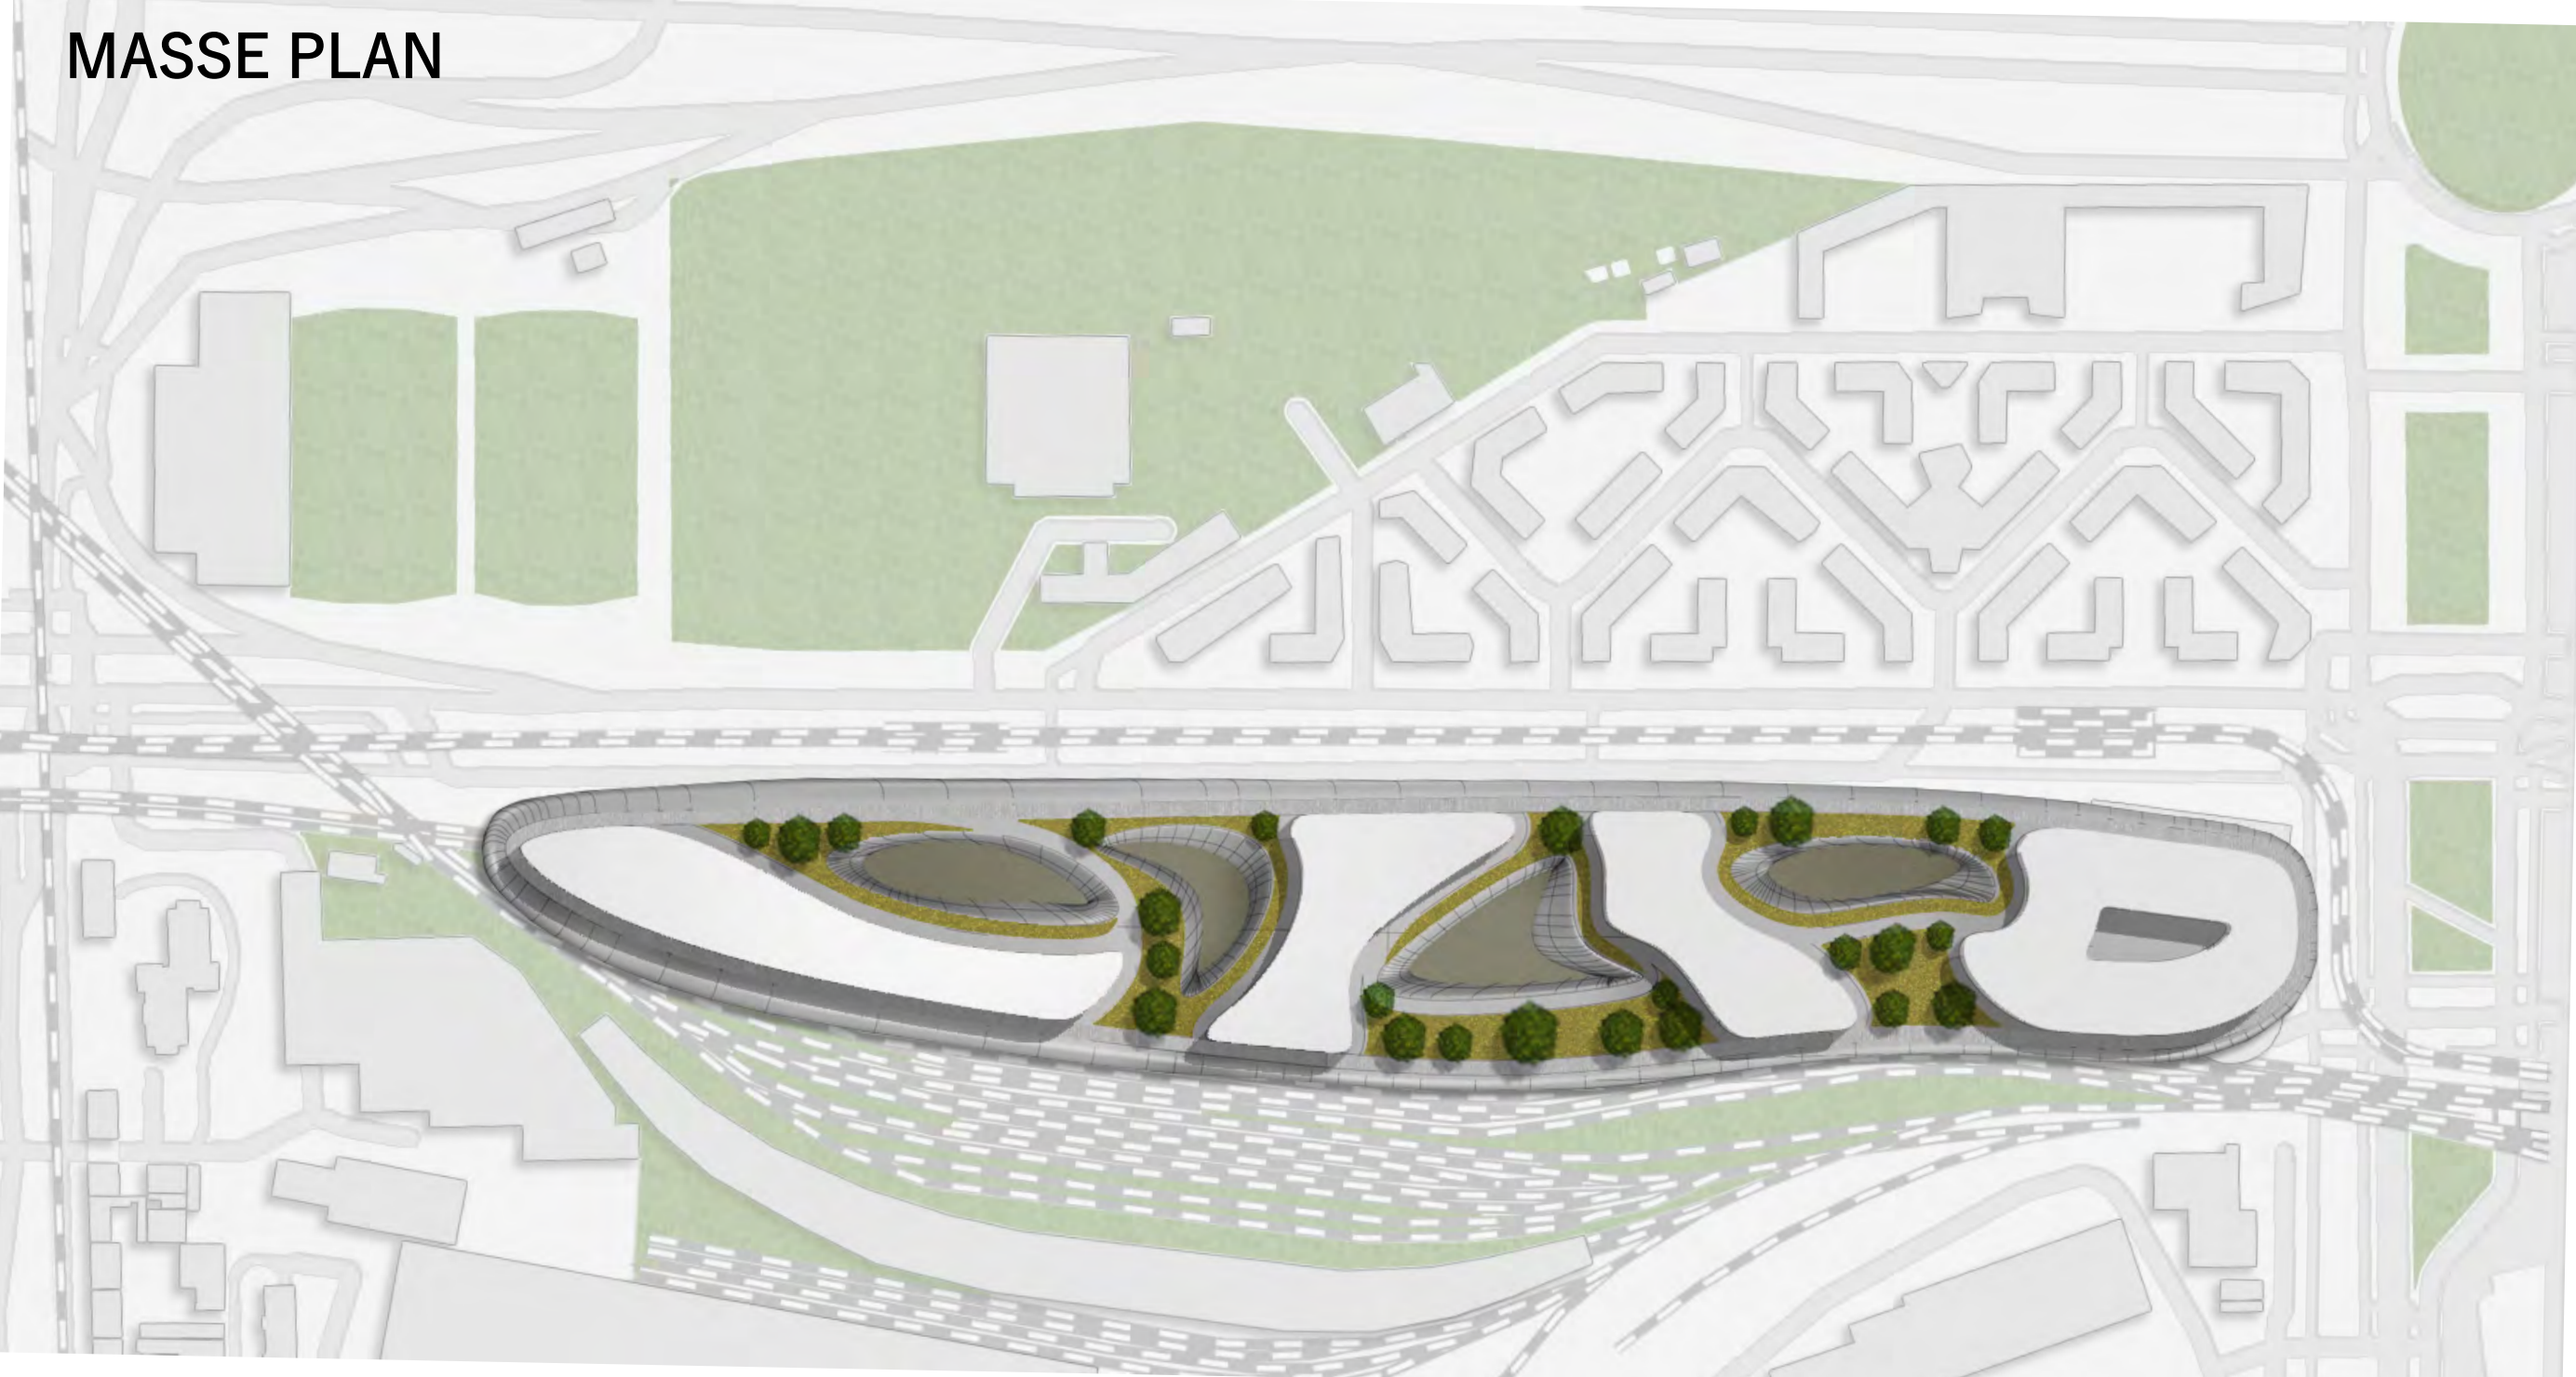

Base=Casino (Red)

And each one design separately other program including casino resort like a hotel or gallery(Blue).
